The applicant is informed that establishment of the international search report (ISR) may be subject to a considerable delay due to the search backlog in the technical field concerned.

Irrespective of when the ISR is established, the 19-month time limit prescribed in Article 39(1)(a) PCT for filing a demand for international preliminary examination, which is a non-extendable statutory time limit, must be observed if the applicant wants to obtain extension of the international phase to a total of 30 months from the priority date. In view of the exceptional circumstances, the EPO acting as IPEA will accept the handling fee and the fee for preliminary examination in the present application, even if they are not paid within the time limit prescribed in Rules 57.3 and 58.1(b) PCT, provided that they are paid within one month from the date of dispatch of the ISR.

We apologize for any inconvenience caused.
